TOOL KIT UPGRADE PROMOTION

October 1, 2023 - January 31, 2024

The HVACR industry is undergoing a transformation to adopt refrigerants with reduced Global Warming Potential. It is essential to update existing tools and equipment to ensure they are compatible with these new refrigerants to maintain both safety and performance standards.

Below please find a grouping of promotional kits we are featuring. See a sales associate for more details and to check inventory. While supplies last!
