# FERGUSON

FERGUSON.COM
FERGUSON APP

The Ferguson app combines barcode scanning capabilities with existing ferguson.com capabilities to provide on-the-go tools you can use any place, any time.

Customer benefits:

- Search over a million product SKUs to find in-stock products at nearby locations

- Includes features from ferguson.com:

  – Buy online, pick-up at location with Pro Pick-Up

  – Scan and Reorder: Scan products from your truck/warehouse to replenish inventory in a snap

  – Reorder from a ProVisions portfolio or scan book using your phone and the app

  – Product Availability: Check local product availability and stock levels instantly

  – Order Status: Check order status and purchase history

  – Quotes: View and manage quotes on all main and job accounts

  – My Lists: Create customized favorites lists to quickly reorder products you buy most often

  – Location Finder: Find the nearest Ferguson location quickly

  – Message Center: Access notifications for updates on quotes and other activity

  – Specs, Manuals, Warranties: Pull documents without leaving the jobsite

What differentiates the Ferguson app?

- The scanning functionality of the Ferguson app allows you to:

  – Scan to cart

  – Manually add codes

  – Create and save a scanned list when there is no internet access

  – Email a scanned list in .csv format

  – Look up product information (image, name, description) instantly

  – Scan in low-light areas with the flashlight toggle

- You have access to your favorite ferguson.com features anytime, anywhere

Sign in to ferguson.com now to take advantage of this and other time saving site features.
