

Base Freight Coverage on Trane Warranty Parts

Details:

- Registered Platinum, Gold & Silver Partner Dealers are eligible for Base Freight Coverage on parts covered under Trane Limited Warranty.
- Although we have an extensive inventory of Trane OEM parts at our local branches, we will occasionally encounter a part that has to be ordered from the factory. We will cover base freight on those parts for our registered Platinum, Gold & Silver Partner Dealers.
- Expedited freight charges are not covered under this policy.
- The Trane part being ordered must be covered by an active Trane Limited Warranty.
- UPS Ground and Fedex Ground are examples of Base Freight.
