

ENERGY STAR® HPWH MANUFACTURERS ACTION COUNCIL (ESMAC) PRESENTS:

INTRODUCTION TO HEAT PUMP WATER HEATER EDUCATION

WEDNESDAY, JULY 31, 2024 • 7:00 A.M. — 9:00 A.M.

Join us for ESMAC's upcoming webinar covering various topics surrounding heat pump water heaters. This education session is focused on heat pump water heater (HPWH) technology features and benefits, appropriate applications, energy efficiency comparison to other water heater types, installation techniques and best practices, service support and warranty, proper maintenance, troubleshooting, [available rebates](#) and how to apply, and selling strategies.

Topics covered in this session:

- Key differences between standard water heaters and heat pump water heaters
- Benefits of heat pump water heaters
- Installation best practices: sizing considerations, suitable installation locations, and requirements for airflow, exhaust, and drainage
- Electric panel considerations
- TMV use and water temperature
- Programming/operating modes
- Customer education — how to use, what to expect, concerns about recovery time
- Available rebates and how to apply
