

# MITSUBISHI ELECTRIC TRANE HVAC APPLICATIONS TRAINING

## FINAL CHANCE TO SATISFY DIAMOND CONTRACTOR/DUCTLESS PRO REQUIREMENT IN 2024!

### GOAL

This course is particularly useful for distributors, counter personnel, and contractors who are newly exposed to the Mitsubishi Electric Trane HVAC US product lines. It is designed to increase Mitsubishi Electric product knowledge and improve the participant's ability to select the most appropriate applications for these products. The course will also provide participants with the tools to better service their customers.

\*Required training for the Diamond Contractor / Ductless Pro program.

\*To receive credit for training, please ensure you have access to the Mitsubishi contractor portal account prior to arrival. The portal can be accessed by visiting MitsubishiComfort.com, selecting For Pros, and then Contractor Portal. If you need assistance, please contact your Area Sales Manager.
